

D

- Structure big tail long - elongated of meadow
- Resembles Tech fault a plant.
- Sleuth -
- Yes Development?
- Existing here.
- Along lines of RMS + Research + test down but + seemed applicable low density compact systems
- mechanized small systems
- small developed systems Soviet one
- Down Com
- P30L in trip

(2)

tree

~~Small clavate~~ / bed w.
~~smaller class~~ Submarginal
 Water

~~Sticta~~ / Sticta /
 Stewart

other structures of
 compound - fm. etc
 3-4 metres.

Gill surface ~~area~~
 Rounded off ~~Some~~ Some is
 high on the fist
~~bottom~~.

high points of
 S. cibnorii

Red

smaller faster like the
 Tumid -
 Low intensity surfaces

(3)

- + smaller faster
 - submarine / we don't
 - + older model
 - like a lion moving
 - more complex - aspect
 - more computerized
 - micro chip size
 - Robot submarine yes
 - Out in water to collect from enemy info
- (pri.)

Weapons

Devices put on
snaps cameras
three Peter Dotay Ritter
Soviet Cossacks

SECRET ONE PAGE

YES

1

Structure -

Content:

Developmental Activity -

DD

Structure - big angles, tall, long,
elongated with windows

Resembles - technical facility
Resembles - plant -

? is there any developmental?

↙ (Sleuth -)

↙ Yes

existed here for some time

SNR - along the lines
BNR

Placed - logical thinking
concerned with low density.

Given to work to Belatina

* Subtropical

Steenvort

grasslands

other structures (outdoor looks)

(2) Modernized Small Weapons
systems

(3)

Combine your nature
with other structures

Gates - not so much

Optics -

an area rounding

off.

Place is high on list
to know what is going on

Chemical

? Is develop. activity have to do
with Substances?

Yes

smaller faster rippling through
System follow intensity conflicts

smaller

4

Submarine hold weaponry
Manning thru waters
like a lion - moving
fast.

Is it actively something
used by Sub

Yes

Sub-itself is more complex -
Computerized -
no man on board -

? Robot Sub ?

Yes

Can go out in Water & collect
info - come back on tape
voice matching

(5)

Weapons of

device put on Snap +
unSnap

little tiny Bombers -
going off in different directions

Piter

Rotar

Ritter

DA + Contractors - Working on
this

Do plans intend for men to be
on Board? Yes
